**THIS IS YOUR BIG CHANCE BE ON THE NEW SERIES OF 'LET'S GET INVENTIN'
Have your invention made on TV and win amazing prizes with a chance to
win the \$10,000 Patent Prize Package from A J Park And the Icehouse**

ENTER AS MANY INVENTION IDEAS AS YOU LIKE!

Did you know that the TV, the popsicle and the helicopter were all thought up by kids. That's right each of these amazing inventions were thought up by young inventors UNDER 14 YEARS OF AGE!

So what are you waiting for? Think up an idea that solves an interesting problem. It could be a solution to something that really bugs you or a way around doing something that you are sick of doing. It could just simply be something that no one else has thought of - a funny contraption the first in the world! It could be serious solution to a real problem or a crazy fun new vehicle that has never been made.

You need only enter the idea for the invention, send drawings, descriptions, whatever you think you need to send us to get the idea across. You do not need to send models we are just interested in the idea. If the judges like it we will bring in experts to help you make it on TV as part of your very own Goober Challenge.

With A J Park helping us on the show you may even get your own patent if your idea has never been thought of before and eventually you could make lots of money being an inventor for a job.

Fill out this form, send it in and you will immediately go into the draw to win a flight in the Martin Jetpack just for entering. Enter as many inventions as you like. Please fill out a new form for each invention you enter.

CLOSING DATE FOR ENTRIES 16th of July 2010.

Lets Get Inventin' Terms and Conditions

General Rules

1. We are Luke Nola & Friends Ltd.
2. This competition is open to New Zealand citizens and permanent residents aged 14 years or under.
3. You must obtain the consent of a parent or guardian to enter the competition, and that parent or guardian must sign the entry form.
4. By entering this competition you are accepting these terms and conditions, and we may reject or disqualify any entrant that does not comply with them.
5. All entries must be posted to **LET'S GET INVENITN' PO BOX 133128 EASTRIDGE AUCKLAND 1146, NEW ZEALAND** and must be received us by no later than the 16th July 2010.
6. We will contact you or your parent/guardian if we select you as a participant for our television series 'Let's Get Inventin' ("Series").

Participation Guidelines

7. All inventions submitted must be original (i.e. you must not have used someone else's idea or copied someone else's invention), and must have been invented by the participant named on the entry form.
8. If we select you to appear on the Series you will make yourself and your invention available for the production of the Series at such times designated by us and for any publicity relating to the Series, at no cost to us.

Prizes

9. Prizes are not exchangeable or redeemable for cash.
10. The judges' decisions are final and no correspondence shall be entered into.
11. We may publish or broadcast in any media details of any winners or finalists, who must make themselves available for such publicity, as we reasonably require.

Rights in your invention

12. Your invention idea may be valuable, and may be patent able or protectable under intellectual property laws. We are not responsible for patenting your invention and if you want to obtain such protection for it you should do so before the series goes to air. (For a brief summary of intellectual property laws, please refer to the IP page on the IPONZ website). If you have any concerns at all about intellectual property laws we recommend that you speak to a patent attorney. If you think your idea is unique please keep it to yourself until we have consulted with A J Park and responded with their opinion. **Keep your idea to yourself.** If you tell people about your idea they could use it and you run the risk of losing your idea.
13. If the idea submitted is your original concept, you shall at all times retain all intellectual property rights in your invention.
14. We shall have the right to make a working prototype of your invention and to display your invention on the Series, in public, on the Internet and in any other media we determine for publicity purposes. However, before the Series goes to air we will endeavor to maintain the secrecy of your invention, and we will have all mentors and judges involved with the Series sign secrecy agreements with us. However, you acknowledge that neither we nor anyone else involved in the production or promotion of the Series shall be responsible to you for any failure to maintain such secrecy, or for the loss of any protections or rights under any intellectual property laws arising as a result of such failure or the Series or any related publicity.
15. If we wish to publicise your invention before the Series goes to air we will contact you first to obtain your permission.

Thank you and good luck with your invention. Kids have the best ideas in the world and you can help us prove it.
